

BRISTOW FLAYS "RUBBER TRUST"

Says It Is Shown Speaker Made Mistake in Denying Less Importations.

Milwaukee, Wis., Aug. 13.—Senator Joseph L. Bristow of Kansas, in his speech here last night, which he stated was in reply to the letter of Senator Nelson W. Aldrich, defending himself against the charges of the Kansas senator relating to the tariff on rubber, launched into the subject by saying:

"Senator Aldrich declares that the Inter-Continental Rubber company is not a trust, and at the same time admits that it is a holding company."

Senator Bristow then took up Mr. Aldrich's declaration that neither he nor his family had profited directly or indirectly by the tariff on manufactured rubber, adding: "Yet he admits that he is producing millions of pounds of crude rubber per annum, selling it to American manufacturers and that he increased the duty on their products when they did not need it for protection."

Going into the question of organization of the Inter-Continental Rubber company, Senator Bristow quotes Mr. Aldrich as saying that the Continental Rubber company was organized under the laws of New Jersey, January 29, 1903, and that the Continental Rubber company of America was organized under the laws of New Jersey, January 5, 1906, and further that "Mr. Aldrich says that the first two companies named were subsidiary companies of the Inter-Continental Rubber company, and that it owned all of their stock, and that they were organized for the sake of convenience."

Mr. Bristow asked "how could they be subsidiary companies of the Inter-Continental Rubber company and organized for its convenience when both of them were organized before it was?"

Murphy Gets Appointment.

J. F. Murphy today received his commission from the government, as competency commissioner for the Quapaw and other small tribes of Indians around Miami. This is a good position and is a deserved reward for Mr. Murphy's efforts for the success of the republican party here. Mr. Murphy is now assistant postmaster, but will probably resign to accept the new position.

John B. McClellan and Miss Anna Brumbach were married this afternoon at the Thomson hotel. Rev. J. M. Cantrell officiating.

Gaynor's Danger Is Past.

By Associated Press.

New York, N. Y., Aug. 13.—Mayor Gaynor awoke today from the most refreshing night's sleep since he was shot, with every indication that he was making a steady improvement. "Practically all danger has passed now," was the declaration of Dr. Ed. Lee.

SUFFRAGE FOR WOMEN AT NOVEMBER ELECTION

Guthrie, Okla., Aug. 13.—Attorney General West has transmitted to the secretary of state the approved ballot title to the woman's suffrage constitutional amendment, which will be voted on at the general election in November. The title follows:

"The purpose of this amendment is to authorize women to vote under the same circumstances and conditions as men may now do so under the laws of this state, and this purpose is effected by striking out the word 'male' wherever it exists as a limitation in Section 1 of Article 3 of the constitution of this state."

Railroads Must Pay.

Guthrie, Okla., Aug. 13.—United States Judge Cotter has denied injunctions against the commissioners of Lincoln county in the matter of the assessments for the nine hundred thousand dollar Deep Fork drainage ditch. The Frisco, Santa Fe and Fort Smith and Western railroad companies sought to have assessments totaling \$107,000 enjoined, claiming them to be illegal and excessive.

BANKS WILL BUY STATE WARRANTS

Payment of Warrants Will Be Made From Money Derived From Sale of Public Building Lands.

Guthrie, Okla., Aug. 13.—State deposits are to be given to banks that will buy up the state's building warrants. In fact all Oklahoma banks holding deposits of state money will be asked to join in taking state building warrants remaining unsold from the first issue of \$750,000. Approximately \$233,000 of the issue has been taken by contractors holding state contracts at par and accrued interest, but in order to obtain the cash they have been compelled to discount the paper anywhere from 2 to 14 per cent.

An act of the special legislative session authorizes the issues of public building warrants to the amount of \$2,025,000, the first issue restricted to \$750,000.

Payment of the warrants is guaranteed out of the funds derived from sales of public lands. Estimates have been made by managing boards showing that between \$900,000 and \$1,000,000 will be due January 1. Under the arrangement as agreed upon, banks taking the public building paper will be favored with a deposit to the amount of the purchase, which will probably remain intact for five or six months, or until needed to pay a building estimate. The idea of re-issuing the paper in certificates of \$100 and less and asking the people to contribute will probably not be carried out.

Mrs. G. W. Clark and family returned last night from Colorado. Their visit was cut short by the illness of Judge Clark.

Mrs. Newberry of the childrens home of Oklahoma City, is in Vinita and will speak at some of the churches Sunday.

Mrs. C. B. McIntosh and daughter of Washington, D. C., are in the city visiting the former's daughter, Mrs. Pat Highland.

NATIONAL COMMITTEEMAN FROM TEXAS TAKES STAND

Will Require Another Week for Special Commission to Gather Evidence---Many Indians Testify---Report to be Made on Two Phases of Subject---Cecil Lyon Tells of His Connection With Indian Contracts---Government Expected to Take a More Arbitrary Hand.

By Associated Press.

Sulphur, Okla., Aug. 13.—Many Indians testified today before the congressional committee. It is probable that the commission will require another week to complete the evidence.

Its report to congress will deal with two subjects. The first will be the charges of Senator Gore that he was offered a bribe. The other feature will be in the form of representations to congress for legislation to prevent, in the future, the conditions which brought about the present investigation.

It is the belief here that the government hereafter will take a more arbitrary hand in enforcing its treaty with the Indians.

Cecil A. Lyon, republican national committeeman from Texas, today, told of the part he took in the activity at Washington for the approval of the old tribal McMurray contracts, which were disapproved by President Roosevelt.

When asked if he thought he was asked to join in the old contracts because of his political influence and acquaintance with Roosevelt, Lyon said: "It is possible, but I flatter myself that it was partly my business ability."

Lyon continued, "I told Secretary Garfield that my employment in the matter was to be open and above board, and if there was anything secret or improper with the contracts, I would have nothing to do with them."

Lyon said that in the new contracts, which are the cause of the present investigation he had no interest. Lyon said that the statement made on the floor of the house of representatives by A. P. Murphy of Missouri, "unjustly attacked me by saying McMurray in lobbying for present contracts was ably assisted by myself. That statement my Murphy was made either in ignorance or a desire to misrepresent."

Women at the National Conservation Congress

St. Paul, Minn., Aug. 13.—The National Conservation Congress in St. Paul, September 5 to 9, is not to be entirely a man's convention. The women of the country are going to have a great deal to say on the great question and they will be represented in the congress by some of the best known members of their various clubs.

Thomas R. Shipp, secretary of the congress, has received letters from women in all sections of the country asking for information. He has been informed by presidents of many of the clubs of the appointment of delegates. Among the large organizations to be represented are the General Federation of Women's Clubs, of which Mrs. Phillip N. Moore of St. Louis is president; the Daughters of the American Revolution at the head of which is Mrs. Matthew T. Scott, of Bloomington, Ill. and the Women's National Rivers and Harbors Congress. Mrs. Hoyle Homkies, Shreveport, La., president.

The woman's club of every state has been requested to send delegates and if many comply there will be a large gathering of women in St. Paul. Arrangements are now being made to have the Minnesota Women's Club and the Minnesota chapter of the D. A. R. act together in welcoming and entertaining the guests. The only woman on the regular program is Miss Mabel Boardman of Washington, who is to speak on "Conservation the Principle of the Red Cross." This does not mean, however that other women will not be permitted to take part in the discussions. They will have their say as well as the men. Headquarters for the women delegates will be set aside in the new St. Paul Hotel.

LEO MEYER SELECTED TO FILL VACANCY ON TICKET

Oklahoma City, Okla., Aug. 13.—At the meeting of the democratic state central committee Friday the question of selecting a candidate for auditor to fill the place won by the late Bill Cross was before the body. The names of Leo Meyer (Sayre), Senators Henry S. Blair (Pauls Valley), Joseph Morris (Hooker), and W. F. Glimmer (Ardmore), were presented. Mr. Meyer received a majority vote for the place. Mr. Meyer was declared the nominee and the state committee authorized a special committee to place the name of Mr. Meyer upon the ticket, in conformity with the action of this morning.

The state committee, pursuant to the announced policy of Thursday evening finished all uncompleted business, and arranged for the new sub-committees to immediately assume the duties imposed by the body.

There was splendid unanimity of action, the outgoing members and the new ones comparing notes. Mr. J. B. Thompson, of Pauls Valley, retiring chairman, also the nominee of Garvin county for state senator, reported to both state convention and committee that as watchman upon the tower he had seen the enemy, but found him unable to make a successful attack, hence the watchman reported that all is well with democracy and happiness prevalent among the people.

State Chairman Branson is already on the scene, and will immediately commence the work of organization. Duke Stallings, secretary, is busy and the personnel of the new workers will be announced at once.

To pay your telephone bills before August 15th and avoid having telephone cut off.

At The Auditorium.

A large audience greeted the first appearance of the Crafeaux at the Auditorium last night and readily showed their appreciation of this clever and versatile team by many rounds of applause. Miss Tessie Crafeaux easily wins the attention of her audience with her pretty songs and dances. Earle Crafeaux, delineating an Irish alderman in last night's sketch certainly brought out all there was to be had in the character upon which the greatest volume of American comedy and wit center. The costumes worn last night were appropriate to the characters, those of Miss Crafeaux deserving especial mention as they were very beautiful.

The final offering of the Crafeaux at the Auditorium, tonight, will be their original blackface comedy sketch entitled "The New Hostler." During this sketch Miss Tessie will introduce her latest New York song success: "She Borrowed Everything I Had, Now My Husband's Gone," also her German song hit, "When Heinie Waltzed Round on His Hickory Limb," including Dutch waltz clog dancing.

The management has also arranged a novel contest for the boys. A pan of flour, in which is concealed a coin, is given to each boy. The boys hands have been previously tied behind his back and the boy who finds the coin in his pan of flour first secures the cash prize.

Altogether a very interesting programme has been arranged and a large audience should reward the efforts of the management and his assistants.

DALLINGER WILL LEAVE CABINET

Elimination of Cannon as Speaker is Said to Be Next Move on Part of Administration.

Beverly, Mass., Aug. 13.—Certain events of yesterday, following the incidents of the last week or so lead to the conclusion that a complete political re-adjustment in circles close to President Taft is in progress.

Senator Aldrich called before the executive finished his breakfast. He talked with the president thirty-five minutes. He found that Mr. Taft had not read his reply to Senator Bristow's charges regarding the rubber tariff. The President felt gratified that Mr. Aldrich had consented to make a statement. In doing so, it is said, the senator performed an act which fitted exactly into the program framed by the party leaders close to the president.

Although he does not retire until March 4, 1911, he confirmed to the President today his intention to do so, and the re-adjustment of plans which is in progress apparently treats with whatever influence Mr. Aldrich may have with the president a thing of the past.

The elimination of Aldrich, according to close political observers, is soon to be followed by a retirement of Secretary Ballinger from the cabinet.

Ballinger has lost practically all his personal fortune, defending himself from the attacks made upon him. It is said that one attorney fee alone in the investigation cost him \$10,000. If the secretary is to recover his losses, it is said he must soon resume the practice of law, which he left in his home state to take up duties as the head of the interior department. The retirement of Secretary Ballinger is fixed for September 15.

The third move in the contemplation, it is said, is to be directed against Speaker Cannon. It is not admitted in Beverly that Cannon will be a candidate for the speakership.

The Cannon situation is a thing of the future, but it is a little difficult to handle. It is known that the president would like to see a change, however, it is believed that all doubts as to the result would be removed.

Reports have reached Beverly that the recent results in Kansas and Iowa are due largely to the activity of Cannon in Kansas and to the charges against Senator Aldrich as to the doubt in the west whether he actually intended to retire.

The situation developed by these two states has evidently made an impression upon the party leaders that caused this action.

BRISTOW PREPARES REPLY TO ALDRICH STATEMENT

Waukesha, Wis., Aug. 13.—Senator Aldrich's letter in which he attacked the veracity of Senator Bristow and denied the latter's charges in regard to the rubber trust is not to go unanswered. The Kansan is getting ready to "come back" at the Rhode Islander. Senator Bristow came to Wisconsin to help Senator La Follette in the latter's campaign for re-election to the senate. The Kansan has been traveling much and arrived here Friday. When seen by reporters he had not had time more than to glance at the Aldrich statement and declined to give an interview under such circumstances. He said he would go over this Aldrich letter thoroughly and prepare a statement.
